

**BRINGO® Series DS-8814can (CAN bus compatible)****Option****DS-8814can-compatible Simple-CAN<sup>2</sup>**

Type	High speed	Low speed	Single wire
Communication speed	Up to 1 Mbps	Up to 125 kbps	Up to 125 kbps
Communication specification	Complies with ISO11898	Complies with ISO11519-2	Equivalent to SAE J2411
Number of CAN ports	1 channel (D-SUB 9 pin)		
Indicator (LED)	POWER (lights in the power-on state), CAN (lights during CAN communication)		
Power supply	Input voltage: 8 to 16 V DC (when the dedicated power cable is used), up to 500 mA		
Dimensions	95mm x 25mm x 72mm (excluding protruding parts)		
Environmental conditions	Operation: -10°C to +50°C (no condensation) Storage: -20°C to +60°C
